## EXPERIENCE

### Production Designer/ Apple

July 2022 - Dec 2023

Worked with the Digital Content Management team to produce ads, banners and create the most optimal experience for the company's on-line shoppers.

- Helped train new production designers by creating courses and educational presentations
- Responsible for uploading, localizing and troubleshooting image and video content for the Apple Online Store and Apple Store App, worldwide.

### Graphic & Production Designer/ Epiphany Dermatology

Sept 2020 - July 2022

Worked as the lead designer, creating digital assets and print materials across multiple locations. In addition to executing multi-channel marketing strategies that increased brand awareness.

- Created the company's first ever newsletter *The Epiphany Advisor*
- Created the company's first ever marketing catalog

### Published Writer & Designer/ AIGA Eye on Design Magazine

Jan 2020 - Mar 2020

Conducted an interview for a Q+A style article, "What I wish I knew before I graduated." I also was responsible for designing the spread layout for the article in the magazine.

### Freelance Graphic Designer

Dec 2018 - Present

Worked with several start ups on brand design in addition to creating digital assets such as logos, websites and print materials.

## OPPORTUNITIES ABROAD

### Prague, Czech Republic May 2019 -July 2019

Studied various photography techniques. In addition to further developing my journalistic reporting and writing skills by having to create and manage a daily blog.

### Beijing, China May 2017 -July 2017

Studied Social Entrepreneurship. Developed a plan to address local environmental concerns. The service learning aspect of the program included volunteering at the Dandelion School where I helped teach English language to middle school students.
